

PRIX CAPRILL TRAINING LEVEL TEST No. 5

(Lockyer Equestrian Group 2019)

INSTRUCTIONS: Rider must maintain a balanced position throughout. The horse/pony should maintain an even rhythm, accepting the bit and jump fences calmly. All trot work may be sitting OR rising (unless otherwise stated). The horse should be asked to change canger leads through trot. The quality of the change will be evaluated. Test may be called. Refusals will be penalized as an error of course with appropriate deduction of points. Knock-downs will incur a deduction of one point from those marks that would have otherwise been awarded for that movement. In the case of a rail in the path, the judge will ring the bell for the rider to stop without penalty. After the jump is replace, the bell will be rung again telling the rider to continue from where he stopped.

A horse/pony will not be penalised for landing in canter after a jump.

Arena 60x20m. Maximum fence height 50cm.
