

Lockyer Equestrian Group's Meeting 4 August 2014

Meeting opened at 7:45pm

Present: Wendy Palmer, Petra Doerfling, Margaret Drew, Kylie Barker, Leane Williams, Susanne Kelly, Helen Ward, Angela fritz, Dannii Cunnane, Lisa Purcell, Jason Grantham, Mark McDine, Kevin Arnott, Kevin Arnott, Susie Murdoch, Madeline van Hattem, Lyn Robertson, Mars Maycock

Apologies: Janifer Willis, Janice Williams, Tammy Hewitt, Terry Lobegieger; Kate Watson

Talk by Mark – thermographer – does surveys on equipment

Talked about using a thermography camera

Used in Europe by GPs - cameras can be used to go over horses

Equine thermography – can pick up lameness – he passed pictures around showing cold spots – can see colouring and circulation returning to legs – costs \$150 an hour – keep horse out of sun and at rest – rugs off – mane plaited – dirt floor – at least 2 hours before they get there – gives you an indication as to where there might be a problem – takes thermal and digital images – overlay – good for saddle fitting – Mark and Kevin will use the camera at a Gatton club day – left business cards – ten horses or more, draw one out of a hat and that will get the imaging free

Feel free to look at their website

Last meeting was a good one

Kate Watson's Report – (emailed):

Hi ladies

Please accept my apologies for tonight's meeting.

My items for the meeting:

1. Raffle - 250 tickets sold to date, barrow donated by masters. Continue to sell tickets at official until presentations/draw
2. Will send artwork for posting to FB & website tomorrow as final reminder of raffle
3. Second barrow has been donated by bunnings. Will conduct another raffle to be drawn at November comp? (Open to thoughts on that) appeal to members if they/their workplace/business would like to include anything in the second raffle
4. Prizes for Official donated by Maja (tack shed) prize for highest aggregate official competitor, club competitor over 17yrs & junior competitor under 17yrs
5. Feedback on AMF trades village. Disappointed more members didn't visit our vendors as acknowledgment of their supporting our event, and reminder to competitors that Terri D images are only \$7 in digital format, screen grabbing her images for FB is cheeky & feel her \$200 sponsorship should be supported by members by at least purchasing an image from her. Will look at doing trade village again but preference given to official comp day
6. Coffee? Happy with cafe on wheels? I will ring Sue to confirm she is coming this Sunday (had previously agreed to)

7. Can Mars confirm if rug rack has been paid for the kersey? Will present kersey to AMF winner this weekend hopefully
8. Those who need a trophy rug exchanged in size, please bring on Sunday as it will be exchanged for a rug/hood set in a lighter fabric, Merl is out of the heavier rugs in the big sizes

Think that's it from me. Sorry for the late advice, me & Dilly not 100%.

Cheers
Kate

It needs to be noted that riders need to inform club officials if they are unable to compete in the Audie Mansfield finals. Riders will be reminded about this when it is put on entry forms next year.

We really need to go and have a look at trade stands at our events. They support us.
