Was thinking of a mega day or an evening here and there. Asked members what they thought.

Margaret has offered her arena for any hands-on information days

Karen Burrows Report – Book of Discounts:

Displayed her entertainment book full of discounts. Will be on the website. Some books cost about \$65 – vouchers save money – can save 5% off “your shop”.

Petra Doerfling: Website is up and running. Any problems with site, send email to webmaster and she will fix it. Eventually it will accept online membership.

She won't be here July but she has organised the judges

Bridle numbers have been laminated and are ready to pin onto saddlecloths – one on each side – numbers to last for as long as you do

Ellen brought up that gear stewards need to know about numbers

People are not to be standing in the middle of the main arena – this raises safety issues and concerns – this area is for judges, competitors and their horses. People can stand instead, on the outside track near the fence. Lyn suggested a special coloured vest be worn by a workplace and safety person who goes around keeping people at a safe distance from the centre of the main arena. Mars

suggested information be sent again, out by email, about riding to times and being prepared to ride early. **There will be no riding in the main arena and indoor once the competition has finished due to Workplace, Health and Safety.**

due to Workplace, Health and Safety.

Petra Doerfling wants the email list repopulated.

Scoring is underway for the end of year presentation.

Merit badges will be discussed at the next meeting.

Meeting closed at 9:21p.m.
